NEW

Jersey Fresh*

Jersey Fresh is a new initiative of the Livingston Symphony with the goal of presenting works by young composers from New Jersey. By presenting these works, the composers will gain the invaluable experience of hearing their compositions rehearsed thereby deepening their understanding of the “sound in their head” and the “sound of the orchestra”. Look for the * for the first “crop” of homegrown composers – Jersey Fresh.

Seniors at the Symphony

We believe that music can bring people together and research has shown that there is untold value, both physically and emotionally, in having different generations interact. The LSO will pair high school seniors with local senior citizens to attend our concerts creating a platform for intergenerational relationships. Combine new relationships with great music and we believe we have a winner! Contact us for details at (973) 980-1809.
